Instructions
Prescription refill requests are to be made Monday-Friday 9am - 5pm. Emergency after hours refills of current/maintenance medications will be subject to a \$25 additional dispensing fee.
Your pet has been prescribed a cortisone (steroid) medication. In dogs and to a lesser extent in cats, this medication will cause an increase in thirst, urination, appetite and panting. Give plenty of water, but continue to feed normally. If you have any questions, concerns, or your pet may be having problems, please do not stop the medication and call your regular veterinarian or BluePearl Veterinary Partners as soon as possible.
You have been given an antibiotic to use at home. It is very unusual, but some side effects have been reported in pets who are sensitive to antibiotics. If your pet stops eating, develops loose stools, vomits or develops a rash, stop the medication and call the hospital.

We selected Trupanion.com for our teams' pet insurance. Call them at 800.569.7913
BluePearl supports Frankie's Friends, a foundation that assists the neediest families with their pets' life-saving medical treatments. We can accept your tax-deductible donation or visit www.frankiesfriends.com.
